

Hello IEHA Chapter Reps!

I am the new editor for the IEHA Journal so I am e-mailing you to ask for assistance. I need articles for upcoming journals. I would love to have articles regarding what you have been doing in your chapters. What subjects are being covered, who the speakers are, and anything new or interesting. The articles can be submitted to me by e-mail at gvargas@co.hendricks.in.us. I also encourage the addition of photos. If you could send them as a .jpeg or a .tiff that would be awesome. Please bring this to the attention of all of the members within your chapter. I encourage any ideas, suggestions and of course article submissions!! Here are the deadlines for article submission for the Journal this year.

Spring - March 1, 2006

Summer - June 15th, 2006

Fall/Winter - October 15, 2006
